Section 1.3 Background Site Information

The Saint Johns River Water Management District has developed a groundwater model for the Central Florida service area and preliminary results indicate the South Lake County area is currently being impacted by groundwater withdrawals. The groundwater model shows that six (6) Minimum Flow Level (MFL) water bodies in the area are being impacted by groundwater withdrawals. This Basin Study for the Clermont Chain of Lakes is a third phase of a water resource evaluation being conducted in coordination with South Lake Regional Water Initiative (SLRWI) to cooperatively address water related issues. The SLRWI consists of Lake County, five South Lake cities and a private utility company.

Consultant will assemble data from various sources and this study effort to develop an ICPR hydrologic /hydraulic model of the basin. Consultant will run the model based on agreed rainfall amount scenarios and regulatory structure settings to provide lakes response predictions. Consultant will provide recommended management strategies for the Chain of Lakes system. The model will be utilized by Lake County and SLRWI members to make informed management decisions regarding the regulation of flow structures in response to changing rainfall as well as pollutant load reduction efforts.

Such determination will be based on evaluation of your qualifications package compared to the specific requirements and qualifications contained in this document.

Section 287.055, Florida Statutes, “The Consultants’ Competitive Negotiation Act” will be followed to secure the required firm. The Contracting Officer listed on the face page will be responsible for the selection process and will be the sole point of contact for all respondents. If a respondent submits trade secret information, the information must be segregated and each pertinent page must be clearly labeled "**trade secret.**" The County will maintain the confidentiality of such trade secrets to the extent provided by law. If a respondent labels all or most pages "trade secret", the Respondent may not be considered for award.

Elaborate bindings, colored displays, and any superfluous promotional material are not desired, and at a level considered unwarranted by assigned evaluators, may serve as evidence of cost inefficiency supportive of a lower technical rating. Emphasis in each qualifications package must be on completeness and clarity of content. To expedite the evaluation of qualifications packages, it is **mandatory** that respondent follow the format and instructions contained herein. The County retains the prerogative to reject any response that does not essentially conform to the stated requirements.

3.7.2 Qualifications Package Guidelines

Cross Referencing - To the greatest extent possible, each section shall be written on a stand-alone basis so that its contents may be evaluated with a minimum of cross-referencing to other sections of the qualifications package. Information required for evaluation of qualifications, which is not found in its designated section, will be assumed to have been omitted from the qualifications package.

Abbreviations and Acronyms – All abbreviations and acronyms used in the qualifications package shall be explained and/or defined upon their first usage in each section of the qualifications package.

Page Limitation, Size, and Format – Responses are limited to a total page count not to exceed 50 pages. This count includes all response content to include completed County Forms 1A, and 1 through 6, but excluding tab sheets, covers, or any County-issued addenda pages. Page size shall be 8.5 x 11 inches, not including foldouts. Pages may be single-spaced. The text size should be 11 point or larger. Use at least one (1) inch margins on the top and bottom and three-quarter (3/4) inch side margins. Pages shall be numbered sequentially by section.

Legible tables, charts, graphs and figures shall be used wherever practical to depict organizations, systems and layouts, implementation schedules, plans, etc. These displays shall be uncomplicated, legible and shall not exceed eleven (11) by seventeen (17) inches in size. Foldout pages shall fold entirely within the section, and count as a single page. Foldout pages may only be used for large tables, charts, graphs, diagrams, and schematics, and not for pages of text.

Binding and Labeling – The entirety of the qualifications package should be spiral bound on the left margin to permit the qualifications package to lie flat when opened. All response sections must be appropriately separated and tabbed. Staples shall not be used.

Section 3.8 Withdrawal of Qualifications Package

You may withdraw your qualifications package or modify it at any time prior to the official response due date and time. You shall be required to produce photo identification that satisfies the County prior to withdrawal or modification of your qualifications package. Negligence upon your part in preparing your qualifications package confers no right of withdrawal after the time fixed for the submission of qualifications packages.

Section 3.9 Qualifications Package Acceptance / Rejection

The County reserves the right to accept or reject any or all qualifications packages received as a result of this RSQ, or to negotiate separately with competing contractors. The County reserves the right to waive any informalities, defects, or irregularities in any qualifications package, or to accept that qualifications package, which in the judgment of the proper officials, is in the best interest of the County and the citizens of Lake County.

Section 3.10 Discussions and/or Presentations After Initial Response

The County, at its sole discretion, may conduct discussions with, and/or require formal presentations by, any Respondent without charge to the County. In addition to the materials provided in the written responses to this RSQ, the County may utilize site visits or may request additional material, information, presentations or references from the Respondent(s) submitting responses. The County reserves the right to require any respondent to demonstrate to the satisfaction of the County that the respondent has the fiscal and technical ability to furnish the service(s) or product(s) as proposed. The County shall be the sole judge of compliance in this regard. The County reserves the right to conduct discussions with any respondent(s) which has (has) been “short-listed” as a most-qualified respondent.

Respondents are cautioned not to assume that they will be asked for discussions or a presentation and should include all pertinent and required information in their original qualifications package.

Discussions and/or presentations shall follow the spirit and intent of provision 3.7.1 above. Any formal presentations that are overly elaborate and appear to rely more on the technical manner of presentation rather than on the actual content of presentation will be subject to lesser technical ranking. The discussion and/or presentation shall be focused on the essentials of the project itself, and, unless requested by the Respondent and approved by the County, shall include no more than three representatives from the Respondent, one of whom shall be the respondent’s proposed project manager for the effort to be performed. Any additional attendees must have a documented direct function in the work to be performed.

Upon completion of discussions and/or presentations with short-listed respondents, the County will determine which one (or more in the case of a multiple award continuing contract) of those respondents is considered the best qualified for the specific work being solicited. Pricing negotiations will then ensue with the respondent(s) in the manner stated in Section 287.055, Florida Statutes.

Section 3.11 Award of Contract(s)

The County reserves the right to reject any or all responses, to waive any minor informality or irregularity in any response, and to make award to the response deemed to be most advantageous to the County within the selection factors and process cited within Section 287.055, Florida Statutes.

It is understood that the County is not obligated to make an award under or as a result of this RSQ or to award such contract, if any, on the basis of lowest cost or one factor alone. The County reserves the right to award such contract, if any, to the best qualified respondent(s).

The County has the sole discretion, and reserves the right, to cancel this RSQ, or to re-advertise with either the identical or revised specifications, if it is deemed to be in the County's best interests to do so.

Any qualifications package that is contingent upon an award or a contract for any additional service shall be rejected and not considered for an award.

The County reserves the right to negotiate any and all elements of this response. In the event of default by the awarded Respondent, the County reserves the right to negotiate and award the contract to the next best qualified Respondent without any further competition.

Section 3.12 Time Limit To Submit Required Award or Initial Performance Related Documentation

Within ten (10) calendar days after County notification of intent to award, or subsequent intent to proceed, any successful respondent must furnish all deliverables or documentation required to specifically support the County intent. If any successful respondent fails to furnish the required deliverables within the required time frame, intent to award or award to that respondent may be withdrawn and award made to the next highest rated respondent.

Section 3.13 Disputes/Exceptions

Any prospective respondent who disputes the reasonableness or appropriateness of any item within this RSQ document, any addendum to this RSQ document, notice of award or notice of rejection shall set forth the specific reason and facts concerning the dispute, in writing, within five (5) business days of the County's issuance of the qualifications package document or addenda, or notice of award or rejection. The written dispute shall be sent via certified mail or delivered in person to the County's Procurement Manager, who shall administer the matter in the manner currently expressed in the County's formal protest procedure. However, respondents are advised that any protest based exclusively on disagreement with the technical judgment of evaluators is subject to will be rejected unless there is clear evidence of arbitrary or capricious action in that regard.

Any prospective respondent who may have any exceptions to any requirements set forth in this RSQ or the scope of work may identify the item(s) that exception is taken to, including the reason and include these item(s) in a separately marked section of their submitted qualifications package. All such exceptions shall be evaluated by the County personnel involved in the review and evaluation process. It is recommended that any such exception or deviation be addressed to the assigned contracting officer in writing during the solicitation period.
